Email: nishasingh20031998@gmail.com

SUMMARY

Detail-oriented B. Tech CSE'27 student and Data Analyst with hands-on experience in Python, SQL, and data visualization tools. Skilled in building analytical dashboards, recommendation systems, and machine learning models to uncover insights and drive decision-making. Adept at transforming complex datasets into actionable strategies that solve real-world problems

EDUCATION

B. Tech Pursuing Bachelor of Computer Science and Engineering

Aug 2024 - Jun 2027

Diploma in Computer Science & Engineering Seth Jai Prakash Polytechnic

Aug 2019 - June 2022

Senior Secondary Education (12th Class)

Apr 2016 - Apr 2018

Secondary Education (10th Class)

Apr 2015 - Apr 2016

EXPERIENCE

AI/ML Training | 2 Months

- Python, SQL, NumPy, Pandas, Scikit-Learn, Streamlit, Matplotlib, Seaborn, Plotly

PHP Developer Job | 1 Year

- Worked on PHP and MySQL based applications
- Managed WordPress website with Presta-Shop E-Commerce Platform

Event Management Volunteer – CII | Oct 2025

- Coordinated registration & attendee support
 - Assisted management team in smooth event operations
-

PROJECTS

Movie Recommendation System

- Developed a content-based recommendation engine
- Recommended movies based on similarity analysis
- Displayed movie details and recommendations
- Built an interactive user interface

Data Analysis Dashboard

- Performed data cleaning and preprocessing
- Built interactive dashboards
- Created insightful visualizations and reports

Interactive Dashboard Management System with User Authentication

- Technologies: Python, Streamlit, SQLite
 - Developed an interactive dashboard application with secure user login and registration functionality.
 - Integrated SQLite database for storing and managing user credentials.
 - Designed a user-friendly interface for seamless dashboard access and session management.
-

SKILLS

Programming: Python, MySQL, Data Science & Machine Learning, NumPy, Pandas, Scikit-learn, Matplotlib and seaborn, Plotly.

Soft Skills: Communication, Problem Solving, Analytical Thinking, Team Collaboration, Leadership, Adaptability, Time Management skills

CERTIFICATIONS

- Artificial Intelligence & Machine Learning
 - Completed Professional Python Training Program
-

LANGUAGES

English, Hindi
